SCHOLASTIC ACHIEVEMENTS

- Scored 80.21% in the TCS National Qualifier Test (NQT)
- Led a team to the top 10 in the national-level E-yantra competition by IIT Bombay. We beat 190 teams.

EXPERIENCE

Software Developer Engineer
Medimaze Solutions Pvt Ltd

Nov 2023 - Present
Pune, MH

- Integrated OAuth authentication mechanism. This makes it a 100% secure access control system for protecting user data.
- Reduced report generation time for DICOM images by 40%. This was done by creating a feature for report generation.

Software Engineer Intern
Rahul Consultancy Services

Jan 2023 - June 2023
Pune, MH

- Reduced data processing time by 30% by using pandas to make Excel updates automatic.
- Completed the GUI development 20% ahead of schedule. This improved the project's efficiency.

PROJECTS

Cricbuzz Platform Designed a role-based access control API using Spring Boot and Spring Security for Cricbuzz, a cricket match platform. It lets admins manage matches and players. Guests can view match details. Used MySQL for database management and Postman for testing([link](#))

Phonebook Built a full-stack application using Java, Spring, MySQL, Postman, and React. It lets users efficiently manage contact details. ([link](#))

Country Weather Developed a cutting-edge weather app with React and Postman. It boosted user interaction. The app gives live weather updates for diverse countries ([link](#))

SKILLS
